Opportunities are created here everyday!

We welcomed Lauren Brown to our school today. Lauren will join our staff as a Counsellor next year as part of the Got It Program. Lauren will work with students and families at our school to help promote and support wellbeing and mental health 2 days a week. We are very lucky to have her join us, and I am sure you will join me in welcoming her to our wonderful little school.

Our recent school excursion to Sydney provided students with a wonderful opportunity to engage in experiences such as the Schools Spectacular, a trip into Circular Quay on the River Cat from Olympic Park sailing under Sydney Harbour Bridge. Students enjoyed time at the Olympic Park Aquatic Centre as well as travelling on city trains, and playing at the state of the art, Sydney Olympic Park play centre. All students represented their school well and enjoyed the time away.

Today students in Year 4 will participate in the middle school orientation program at the High School. This will give them insight to the programs they will take part in next year as part of the middle school program.

Sydney Excursion

Last week years 3,4,5,6 travelled to Sydney to watch the school spectacular and participate in other various activities.

We stayed at the Sydney Olympic Park lodge. We had the chance to go to the Sydney Olympic Park Aquatic Centre and the Sydney Olympic Park in which the children had a chance to have a run around before we went to School Spectacular which was the main activity for our excursion.

The rivercat ride was another opportunity the kids got to have, it gave them a chance to see the Harbour bridge and the Sydney Opera House , we then enjoyed an ice-cream as we walked around Circular Quay.

Overall we had such a great time and I can assure parents that they should be proud of their children for having outstanding behaviour throughout the excursion.

At Wyalong Public School we believe your child is SOMEBODY!

As a small school, we cater to each child's individual strengths
by delivering personalised learning and preparing students to be

resourceful, resilient and future focused. Our Teachers recognise that it is their high expectations
and quality teaching that influence the best student outcomes.

***Your child's educational experience is our core business; we strive to offer students at our school a
quality educational experience and opportunities for learning that only a small school can offer.***
