

Wyalong Public School

"Future Focused, Resilient & Innovative"

This year marks 30 years of Clean –Up Australia.
Congratulations to Mrs Blackwood who has been co-ordinating this event with schools for 20 years.

The start to our school year has certainly been a positive one, with many learning and social opportunities enjoyed by our students along the way.

We were thrilled to have the local Fire Brigade visit us last Friday.

It was a great opportunity to re-visit some home fire-safety tips and view the big red fire truck up close.

Last week marked the first data harvest collection for the year.

For those new to our school we have a data harvest cycle where teachers submit their students class assessment and observation to Mrs Nunn each term during weeks 5 and 10. This gives Mrs Nunn and myself the opportunity to see where all of our students are at K-6 in regards to proficiency, and to put in place programs and measures to ensure our students continue to improve, learn and grow as they engage with the curriculum.

Our current mantra is Growing the Green ; green being a colour we coordinate against all students achieving growth at or above proficient . **In 2018 our school sat above state average for student growth, this is something that our school community should be very proud of.** This year we have committed ourselves once again, to working together, across schools and with the Director of Educational Leadership to improve student outcomes at our school.

Have a great week,

Meg Staples
